- [115-3824 Plating Solution, Gold, 4 oz. \(.12 liter\)](#)
CircuitMedic Gold Plating Solution contains Cobalt Carbonate 513-79-1 0.1-1%

Circuit Technology Center, Inc. has systems to ensure ongoing compliance with the above-referenced standards and compliance initiatives. These systems include standard operating procedures that ensure that restricted substances are not used in our manufacturing operations, requiring that our third-party suppliers provide us with certifications, certifying that the materials they supply are compliant, and an auditing process to ensure that the standard operating procedures are followed.

Efforts are ongoing to secure material content declarations from our contract manufacturers, suppliers, and third parties. Circuit Technology Center, Inc. has taken and continues to take reasonable steps to provide representative and accurate information but may not have conducted destructive testing or chemical analyses on incoming materials and chemicals. Material content information may not yet be available from some of our suppliers, or the information they supply may be erroneous.

To the maximum extent permitted by law, Circuit Technology Center, Inc. shall not be liable for any indirect, special, incidental, consequential, or any other exemplary damages arising from the information provided herein or its provision of non-compliant products or materials.
